

# Homographs

Homographs are words with two or more meanings.

Homographs are spelt and said the same, but can mean more than one thing.

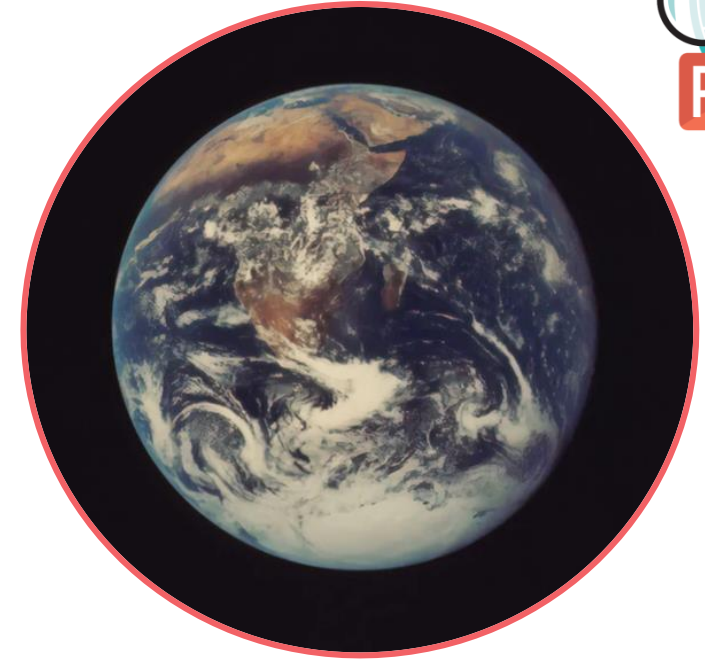

# Look at the pictures below. They are all types of homographs.

- Can you match up the pictures into their homograph pairs?

# Look at chapter 1.

- In this chapter, there are three homographs. Can you find them?
- Can you write a sentence for each of the homographs you have found?

**ASKING ALL AGENTS!**

How does the context of the writing help you to know what homograph to use?
